RE: Temporary Variance Request (Tempur Production USA LLC, Registration numbers VA 11753, and VA 16578 NM, Law Labels)

Dear Maggie Terry:

I am in receipt of your email dated February 23, 2023 regarding your variance request the use of the adhesive that was tested by Modern Testing Services (MTS) on November 4, 2022 (Report Number 67222-110008). Specifically, the request is for the use of this adhesive to be used to place an approved law label to an existing, sewn in blank label on your mattress products. Our office has reviewed the test report provided by MTS and have concluded the use of this adhesive is acceptable. Please note, this adhesive must be used for law labels made of Tyvek or comparable quality material that will be placed on an existing, blank, label. Your temporary variance request for these items, offered in Ohio, is granted. This variance is valid for a period of twelve months from the date of this letter. Please note, this variance is only applicable for the products being sold in the state of Ohio and does not apply to any federal requirements or regulations.

Should you have any additional questions, please feel free to call me direct at (614) 644-3964.

Sincerely,

Richard Selegue
Chief Bedding Inspector
State of Ohio
